Otisfield Beach Parking Lot Policy

This parking area is for use of those using the beach and only by those who possess a current Otisfield Sticker.

It is not for those who have a cottage/camp on the beach as they have their own parking area adjacent to the upper beach parking area.

If there is a valid reason to temporarily park at the beach area, ie: dropping off a passenger needing a shorter walking distance to a dwelling, or moving bulky/heavy furniture, this site may be used for parking a vehicle for a maximum of thirty minutes.

If the thirty minutes is exceeded, a towing company will be called to remove the illegally parked vehicle at the owner's expense.
