Recreation Area Development Policy

This policy pertains to the development of a recreation area adjacent to the town office and the annex. The content and template for this area have been chosen based upon input from the selectmen, recreation director, recreation committee, and Otisfield Community School Parents.

The recreation area will be funded exclusively through American Rescue Plan Funding and the money derived from the sale of tax acquired property. Due to the estimated cost, this project will not be subject to the Otisfield Bidding Policy. The town will continue, whenever possible, to use contractors that reside in Otisfield as well as those that have a positive track record of prior performances.

The development effort will be an uncompensated assignment provided by Selectman Rick Micklon serving as General Contractor.

Oversight and inspections will be provided by the remainder of the Selectmen Lenny Adler and Hal Ferguson, as well as Code Enforcement Officer Fred Collins.

Otisfield Board of Selectmen

Hal Ferguson

A handwritten signature in black ink that reads "Hal Ferguson".

Rick Micklon

A handwritten signature in black ink that reads "Rick Micklon".

Lenny Adler

A handwritten signature in blue ink that reads "Lenny Adler".

Adopted July 20, 2022
